YMCA of the Rockies - Estes Park Center has more than 860 acres and is bordered on three sides by Rocky Mountain National Park. The Park's 265,000 acres are the perfect place to explore, with peaks ranging from over 12,000 to over 14,000 feet above sea level.

For more information visit www.nps.gov/romo.

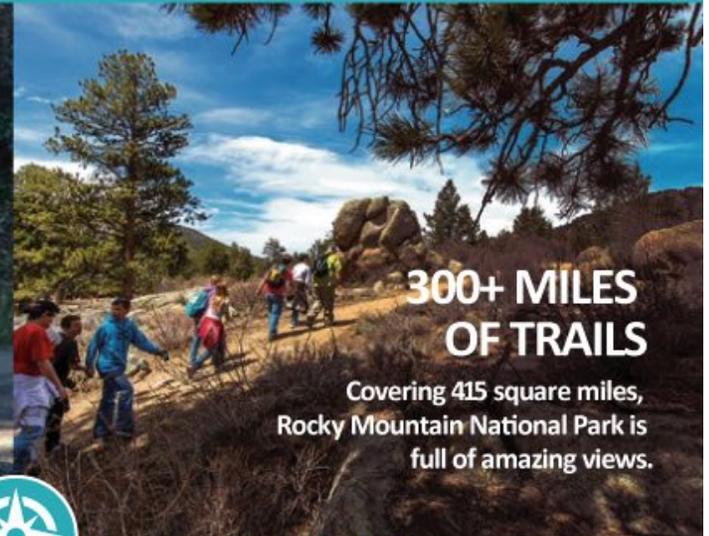

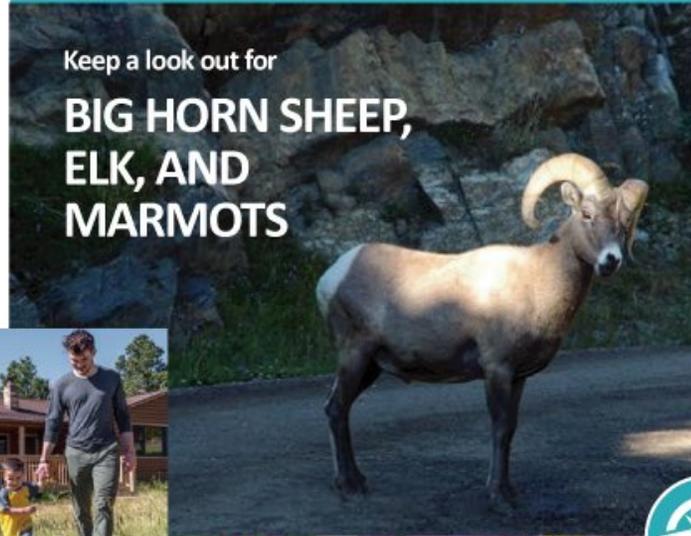

It's time once again for Colorado to host the US Go Congress, which we have done every ten years since 1990! This time around we are pulling out all the stops and holding Congress in what we feel is the most beautiful location it has ever been. The YMCA Camp at Estes Park is perfect for both players and non-players, young and old alike and is an ideal vacation destination.

Our Central Lodges (above) offer environmentally friendly hotel-style lodge rooms, and feature large lobbies with fireplaces and free Wi-Fi.

Keep a look out for

BIG HORN SHEEP, ELK, AND MARMOTS

300+ MILES OF TRAILS

Covering 415 square miles, Rocky Mountain National Park is full of amazing views.

SMALL WONDERS

Colorful columbines, newborn elk calves, and squeaking pikas.

ACTIVITIES

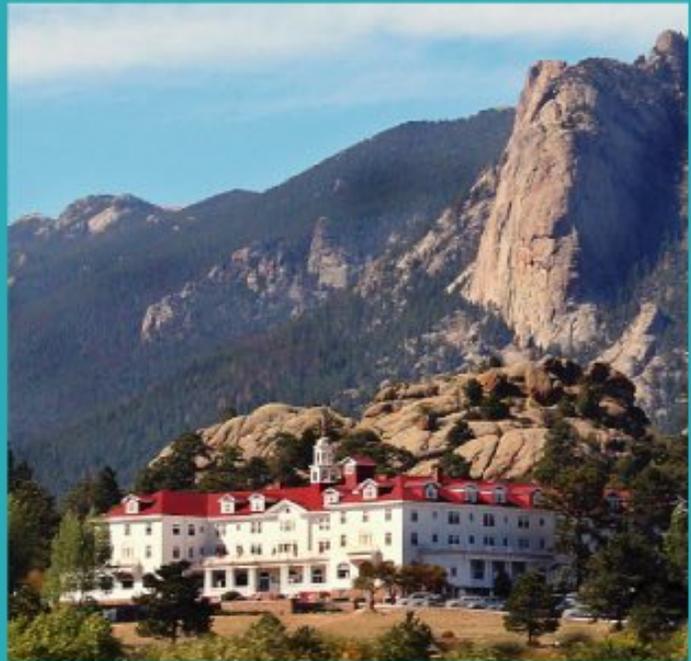

You don't have to go far to find some of the best family-friendly activities for all ages.

We will have Professionals, and Go players from all over the world. With exciting tournaments, fun events, workshops and lectures with your favorite professionals, simul games, and more, every player will get a chance to learn and grow.

Free shuttle service between the camp, historic old town Estes Park, and Rocky Mountain National Park runs hourly every day. Ride the cable car, visit the Stanley Hotel (where Stephen King set *The Shining*), visit brew pubs (and dispensaries if you like), and get ready for a terrific vacation in the heart of the Rockies.

Estes Park is at 8,000 ft. elevation, so make sure to give yourself a little time to acclimate to the higher elevation. It takes people who are coming from sea level a day to adjust, sometimes two. Be sure to take it easy on your first day, and drink lots of water. Mountain temperatures are pleasant in summer, but we are really close to the sun, so wear sun screen. We hope to see you there!
